ABOUT US

FILIXMAS BOTANICALS LTD is a limited liability company registered and incorporated in Nigeria (RC:1661326). We are a trusted name in supply of best quality botanicals to individuals, researchers, laboratories and companies across Europe, America, Asia and Africa.

Our herbal materials, medicinal oils, food plants and forest products come directly from the local farmers, making sure they are organic, handpicked and free from pesticides, while observing local and international laws and guidelines.

We employ best collection and processing quality control practices and make sure that all our materials are certified OK for international export. Our clients benefit from our wealth of experience in the business through consulting and professional advice on sustainable utilization of biodiversity.

OILS & BUTTERS/COSMETICS

Virgin Coconut Oil

Cocos nucifera - Rich in lauric acid with antimicrobial and emollient properties for cosmetic, nutraceutical, and pharmaceutical applications.

Melon Oil

Cucumeropsis mannii – Lightweight oil rich in linoleic acid; supports skin barrier repair and cosmetic formulation stability.

Carapa Oil (Andiroba Oil)

Carapa guianensis – Contains limonoids and fatty acids with anti-inflammatory and skin-conditioning benefits.

OILS & BUTTERS/COSMETICS

Shea Butter

Vitellaria paradoxa – High in stearic and oleic acids with natural vitamins A & E; ideal for dermatological and cosmetic products.

Mango Butter

Mangifera indica – Rich in antioxidants and fatty acids; enhances moisturization and product texture.

Kumbo Butter

Pycnanthus angolensis – Traditional West African butter valued for deep skin conditioning and cosmetic base formulations.

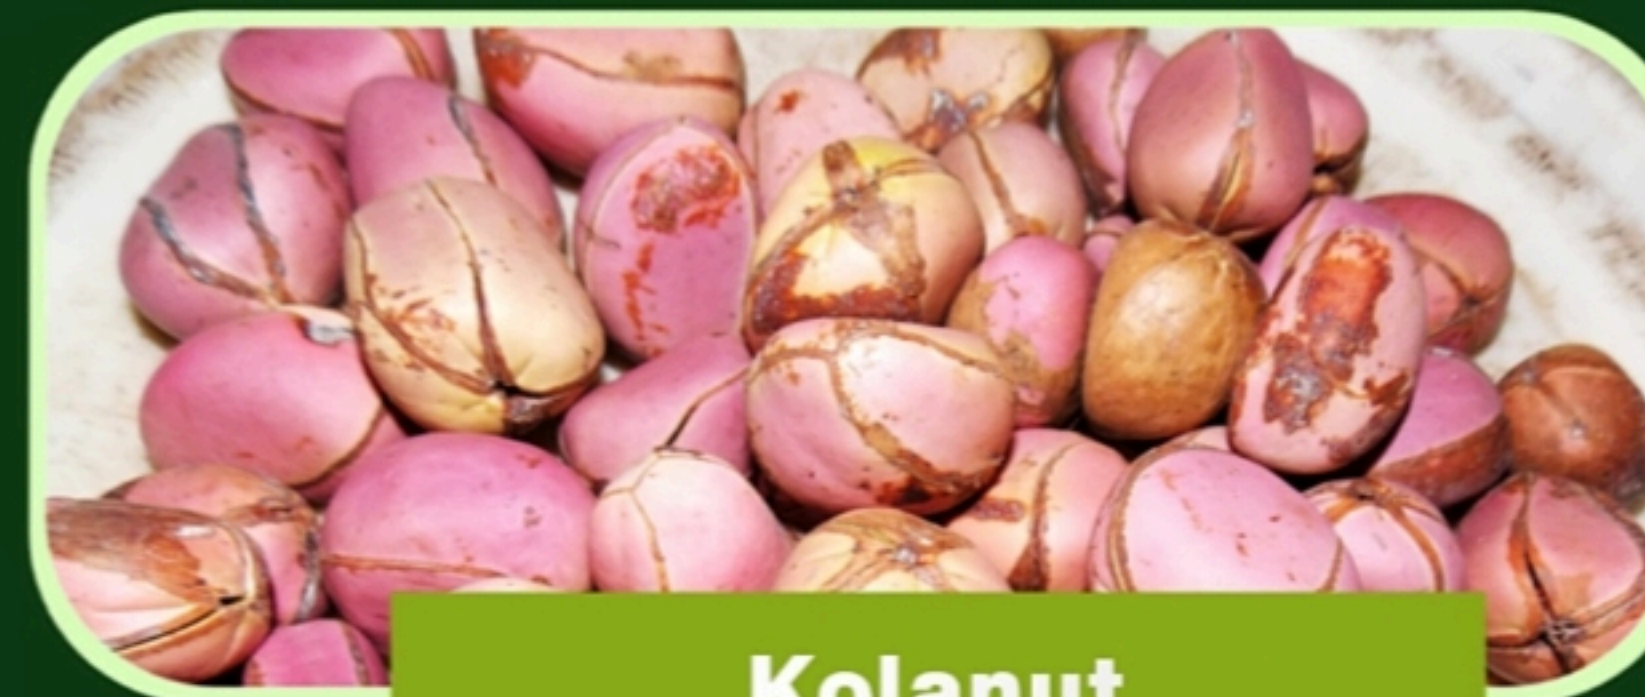

VITALITY & PERFORMANCE

Black aphrodisiac

Fadogia agrestis contains yohimbine which acts as a potent alpha-2-adrenergic antagonist to help the body control the blood sugar level and blood pressure. *F. agrestis* is rich antioxidants and is traditionally used for its aphrodisiac, pro-erectile and antifever properties. It also boosts testosterone and acts as an enhancer of libido and athletic performance.

Kolanut

Cola acuminata/Cola nitida – Natural caffeine and theobromine source for energy beverages and performance supplements. It is also applied in cosmetics as a good exfoliant

Aframomum melegueta – Contains 6-paradol and gingerols with thermogenic and metabolic support properties.

VITALITY & PERFORMANCE

White's Ginger

Mondia whitei – Aromatic root rich in bioactive compounds traditionally used for vitality formulations.

African Black Pepper

Piper guineense – Piperine-rich spice supporting bioavailability and digestive stimulation. Also in aphrodisiac and vitality formulations

Grains of Paradise

Aframomum melegueta – Contains 6-paradol and gingerols with thermogenic and metabolic support properties.

VITALITY & PERFORMANCE

Wireweed

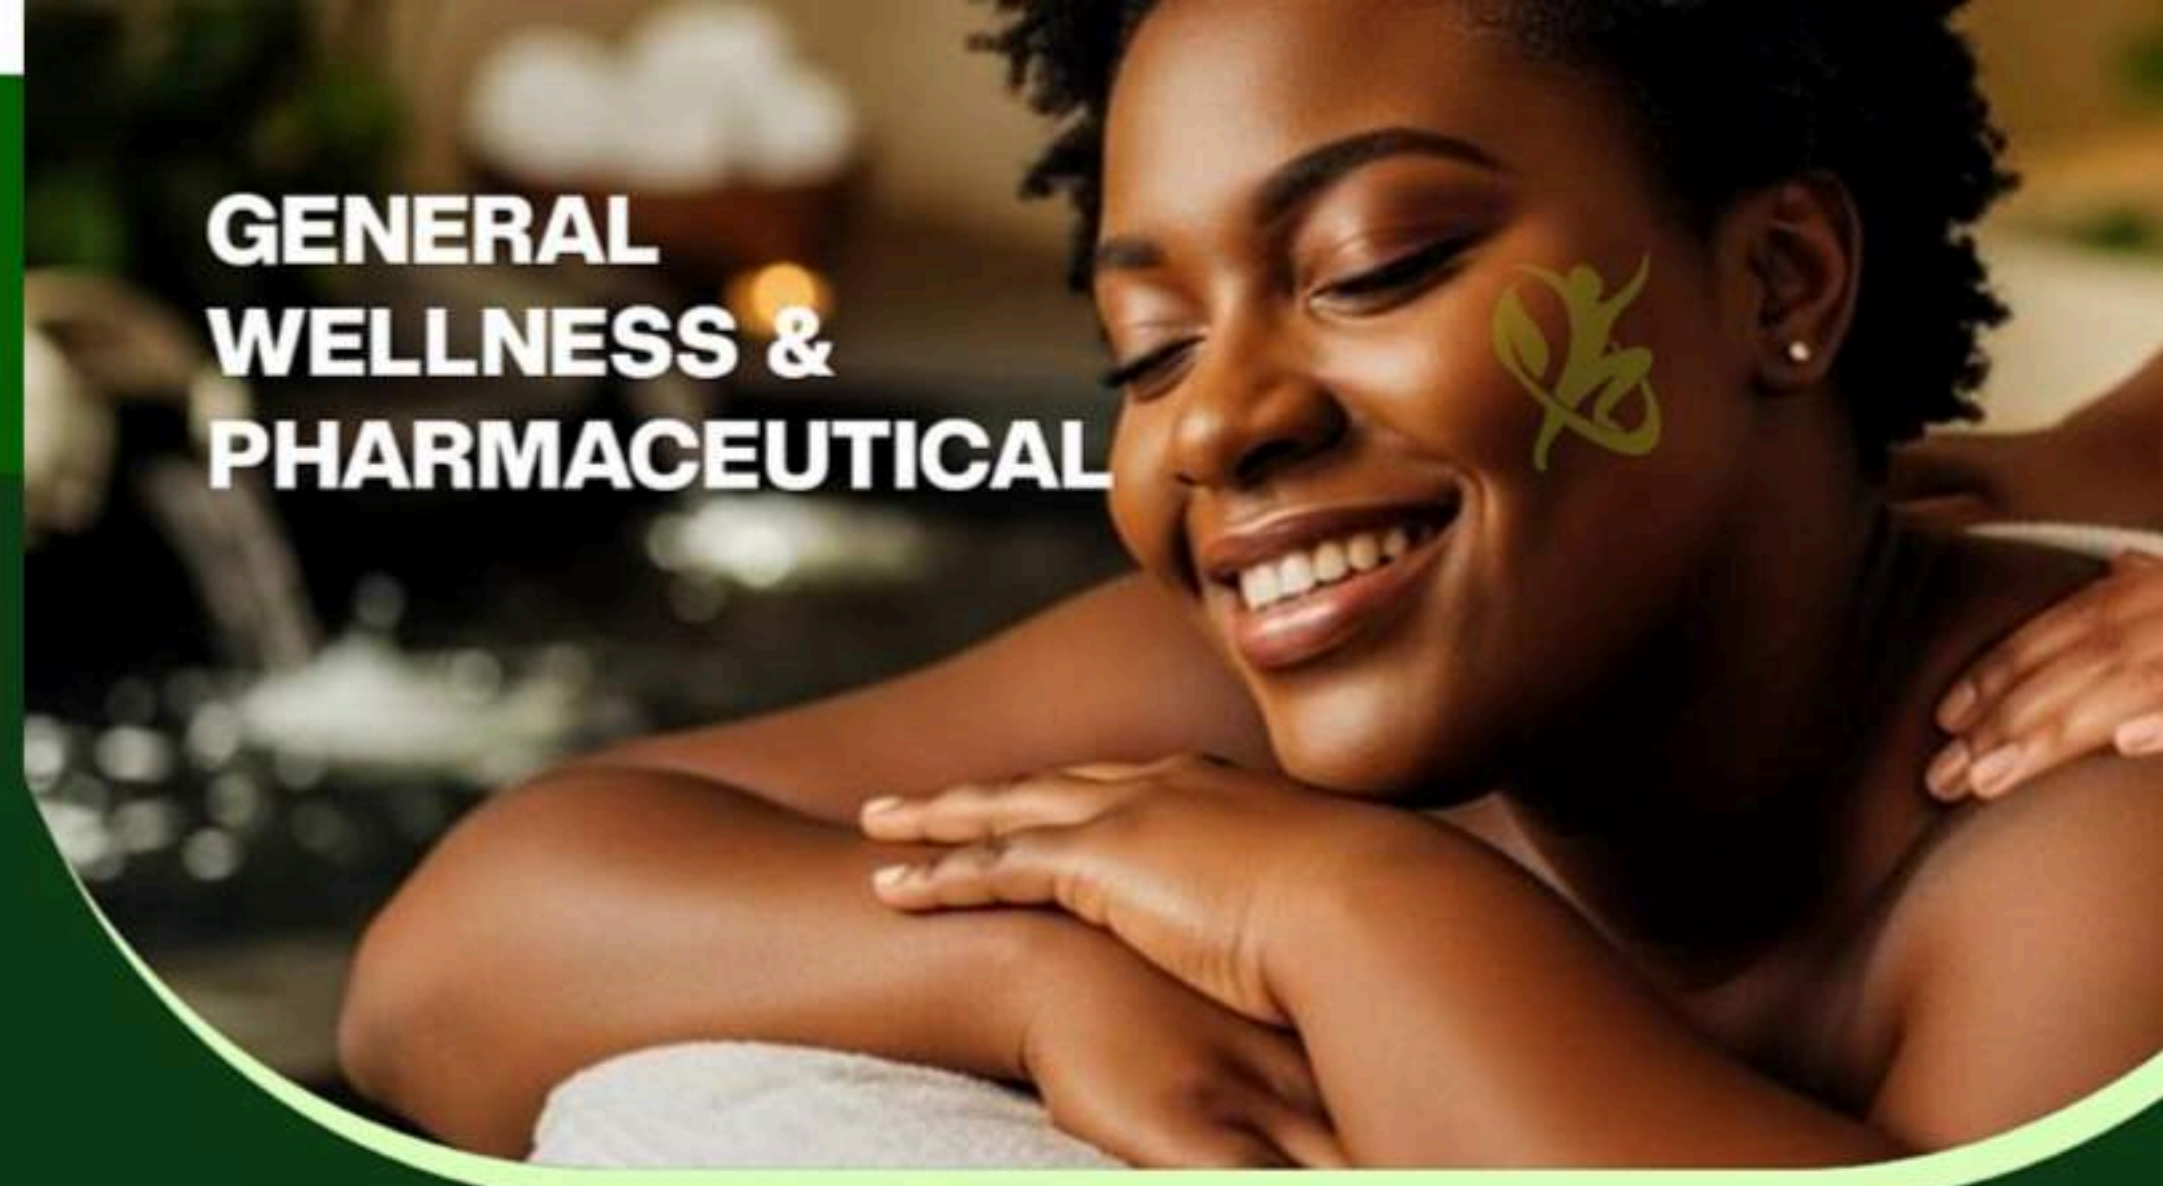

Sida acuta - It is a traditionally used for immune support anti-inflammatory to manage pain and fever, and as aphrodisiac and anti-inflammatory properties. Parts commonly sources are leaves, roots and aerial parts.

Bamboo

Bambusa vulgaris is used traditionally for detox support, antioxidant and as source of dietary fibre. Rich in silica, it is beneficial for hair, skin & nails. It also supports bone and connective tissue health, serving as a natural mineral source. It is applied in cosmetic formulations, nutraceutical ingredients and functional herbal beverages. Parts commonly sourced are the leaves, young stems and aerial parts.

GENERAL WELLNESS & PHARMACEUTICAL

Ghana Quinine

Cryptolepis sanguinolenta - Source of cryptolepine with strong antimicrobial, antimalaria and anticancer potentials.

Bitter Kola

Garcinia kola - Rich in kolaviron biflavonoids with antioxidant and immune support activities.
